I'm a professional voice teacher, coaching singers to be fully aware of their instrument and how to get the best out of it. I also work with choruses and quartets, developing your ideas into a strong interpretative plan that best represents you as a performer and providing you with an interesting and highly competitive product. Music arranging and conducting are also my specialty.

Professional Biography	<ul style="list-style-type: none"> • Professional singing teacher. • Current board member of the Australian Voice Association (AVA) and member of the Australian National Association of Singing Teachers (ANATS). • Voice Practitioner at Oakhill College, Castle Hill.
What can I bring to your chorus, quartet and singers?	An holistic approach that informs singers about their instrument and how to perform with vocal freedom and musical expression. Working with choruses to improve singing and performing skills that will transfer to all repertoire. Understanding the role of the director and providing formal conducting instruction as well as stylistic conducting guidance for improved musical communication between the director and singers.
